# WHY SLOVENIA?

Foreign direct investment (FDI) is equally important to Slovenia's economic growth as it is for global GDP and jobs worldwide. The Slovenian government has been working on improving the environment to attract quality business to the country and, in turn, create new jobs. For Slovenia as an FDI location quality has always been its core value and its cutting edge. Attention to quality runs in the blood of its people and in combination with vocational and university education makes the country's workforce often **No. 1 reason to invest** in Slovenia.

- Strong healthcare system

# HEALTH RESORT GAJA

The investment will comprise the construction of a niche and high-quality class tourist complex/ eco-resort (Healthiness & Spa Resort) - 4\*\*\*\* plus.

The goal is to construct the tourist complex in the centre of the region Slovenske gorice, the village called Janežovci in the Municipality of Destrnik.

On an area of around 82,000 m2 with an existing geothermal well, a hotel and two sets of apartment villas are planed on the verge of partly shaped natural lakes. One of them in the form of a hotel suite and operating in the scope of the Hotel, and the other in the form of apartments, which will be sold to private investors/buyers.

The tourist complex shall be marketed under the trademark "Gaja", with the creative slogan "Garden of Senses". In contrast, the tourist complex's functional, geographic explanation will be "The Healthiness Resort Gaia".

The objectives of the investment in the construction of the planned tourist complex are the following:

- Achieve the maximum value of the area, its natural wealth and the environment by offering it to the tourists in the form of the tourist complex (Resort) Gaia, "Healthiness
