

A low-angle photograph of a construction site. A large blue tower crane stands prominently in the center, its jib extending towards the top left. To its left, several orange cranes are visible, one of which is lifting a concrete bucket. The background features a multi-story building under construction, with its concrete frame and extensive scaffolding clearly visible. The sky is a clear, bright blue.

WHY SLOVENIA?

Foreign direct investment (FDI) is equally important to Slovenia's economic growth as it is for global GDP and jobs worldwide. The Slovenian government has been working on improving the environment to attract quality business to the country and, in turn, create new jobs. For Slovenia as an FDI location quality has always been its core value and its cutting edge. Attention to quality runs in the blood of its people and in combination with vocational and university education makes the country's workforce often **No. 1 reason to invest** in Slovenia.
